HR (High Resonance-Damping) Cassette Mechanism
Outstanding vibration absorption characteristics have been achieved by incorporating a New Oval Window Cassette Shell, our HR cassette mechanism and our DD (Dual Damping) Slip sheets.

Pure Natural Sound

The use of ultra fine, High Energy Epitaxial magnetic particles combined with our unique Multi-Orientation Technology produces High Output and Low Noise.

Excellent Durability and Heat Resistance

Our exclusive HE(High Endurance) binder system enhances critical properties such as durability and heat resistance.

Maxell Cassette Tape Features

In the cassette Maxell adapts the unique 3-function leader to incorporate the cleaning properties of its original head cleaning tape. The special finish assures continuous cleaning without fear of head wear.

- ① Non-abrasive head cleaning leader tape.
- ② Indicates A or B side ready to play.
- ③ Arrows indicate direction of tape travel.
